

New Mexico Department of Transportation Approved!

Online Bus Driver Training

*... a solution for successfully training your drivers
anywhere, anytime—faster and
easier than ever before.*

High Plains Regional Education Cooperative
101 North Second Street
Raton, New Mexico
Visit: www.hprec.com

What if it was your student ...

... left on the bus?

... a victim of bullying?

... having a medical emergency?

... showing signs of abuse or neglect?

The NEXT questions you ask should be, “Was my driver properly trained and prepared for that situation?” and “Is the training documented?”

Training is relevant, organized, and documented!

High Plains Regional Education Cooperative #3, in partnership with the Vertical School Partners, is committed to providing your district with relevant, timely, and important safety training.

Online bus driver training system documents and records your drivers’ training activities, allowing you to monitor - and continuously improve - your driver’s skills and ensuring increased student safety.

District Superintendents and Director of Transportation can easily run reports, download Certificates of Completion, and view each driver’s transcript. These online training modules are designed and approved for certified bus drivers only.

High Plains Regional Education Cooperative #3 is proud to announce exciting, interactive online trainings to help bus drivers prevent incidents on the bus, reduce potential for accidents, and make everyone safer, while meeting New Mexico Department of Transportation requirements.

Online Training Modules Include:

- Unlimited access to over 20 interactive training topics (over 39 modules)
- Post-Test for each training module
- Resources/online library
- Certificate of Completion for each module passed
- Transcript of training activity for each driver
- District Summary Reports

Sample Training Modules - Each Module Takes About 30 minutes

- Student & Time Management
- Blood Borne Pathogens
- First Aid on the Bus
- Cell Phone
- Mirror Adjustments
- Loading and Unloading
- Pre/Post Trip Inspection
- Railroad and Idling
- Confidentiality
- Diabetes
- Distracted Driver
- Driving in Wind
- Emergency Evacuation
- H1N1 Virus Prevention
- Child Abuse
- Sexual harassment
- Wheelchair Securement
- And, more ...

Trainings modules available at:
